22 December 1978

MEMORANDUM FOR: Deputy Director for Administration
FROM: Director of Central Intelligence
SUBJECT: Security Containers

I just signed another letter advertising that we have done research on security containers such as the "Rusty blue bags." Where does that project stand? I really think there are some documents I would like to pass around within the Agency and just keep out of the eyes of anyone except principals. While the blue bags would not do against the KGB, I think they will suffice this purpose.
